

Westerton Primary School Maths Home Learning Parent Guide – Early Level

Counting

Count to and across 20, forwards and backwards from any number.

Fill the missing numbers in the boxes.

Count in multiples of two, five and ten.

Put the numbers on the number track so they go up in twos.

Place Value

Read and write numbers to at least 20, in numerals. Identify one more/less than a given number within 20.

1	more than 8	
1	less than 20	

Addition and Subtraction

Read, write and interpret mathematical statements involving +, - and =

> Put the missing sign in the box.

Write the missing number in the box.

= 10 + 0

cost?

Represent and use number bonds and related subtraction facts within twenty.

Multiplication and Division

Solve multiplication and division questions using concrete, pictorial and array representations. Halve and double numbers.

> Billy and Jay share these apples. How many do they each get?

Fractions

Recognise, find and name halves of shapes and quantities.

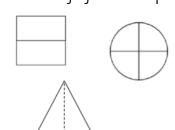

away. How many are left?

Colour half of these shapes:

Ways to help your child:

- Sing counting songs and play board games.
- Practise counting from any number, forwards and backwards.
- Count objects and ask questions such as 'how many if I have one more/less?'
- Point out numbers when you see them around you and help your child to read them.

Ways to help your child:

- Sing the doubles song (learn all doubles to 10 + 10
- Count out toys how many if there is one more/less.
- Help them learn the number bonds to 10 and 100 (3 + 7 = 10, 20 + 80 = 100 etc)
- Ask them to share out the fruit, toys, sweets, leaves etc. How many each?

Ways to help your child:

- Cut fruit exactly into halves/quarters and talk about whether the parts are equal.
 - Count out the number of biscuits and work out how many if half/quarter were taken.
- Count the number of pieces in a pizza and share them out fairly. What fraction do you have? How many pieces is that?

Measurement

Measure, compare and order lengths, mass and capacity in standard metric units.

Money

Recognise the value of different coins and notes.

Time

Tell the time - o'clock and half past.

What is the time?

Ways to help your child:

- Cook with your children, get them involved in weighing out food and looking at weights and capacities on packaging.
- Whenever you are using coins/notes, talk to your child about their value. Discuss prices in shops and compare them.
- Look at the clock with your child at different times of the day. Talk about where the hands are pointing and what time it is.

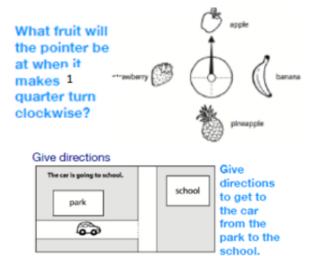

Shape

Recognise and name common 2D shapes.

Position and Direction

Describe position, direction and movement using prepositional language.

Ways to help your child:

- Discuss directions home, which way are you turning, how many turns (right, left, clockwise and anti-clockwise).
- Look out for shapes everywhere you go. What shapes can you see? Can you guess the shape being described?
- Play games with objects, getting your child to describe its position.
